THE IMPORTANCE OF A PUBLIC HOUSE

This quotation is from the introduction to *The Pub is the Hub*
by H.R.H. Prince Charles:

*‘Rural communities, and this country’s rural way of life,
are facing unprecedented challenges. Now, perhaps more than
ever in their history, they must draw on their resourcefulness
and resilience, built up over centuries...’*

*‘Even the country pub, which has been at the heart
of the village for centuries, is disappearing in many
areas...’*

*‘Finding new uses for village pubs, many of which are the only
remaining service in the community, has therefore become one
part of Business in the Community’s Rural Action programme
under the campaign headline ‘Make the Pub the Hub’.
by providing new services from the pub, such as a post office
or a shop, not only keeps an essential service in the village, or
brings a new one in, but increases the income of the pub itself,
giving it a more secure future...’*
